Purpose of Document

This document outlines the general scope of your project based on the requirement provided and discussions to date. The main objective at this stage is to ensure that all parties agree upon the general scope, budget and schedule of the project prior to commencing work on subsequent stages (which can include in-depth planning if needed).

Clients are urged to ensure that all the details contained within this document are clear and fully meet their requirements before further work commences. Timescales mentioned only cover the scope listed; if the scope changes, cost and timing will change accordingly.

Once you are happy contact us and we will progress into the next stages. This may include further detailing requirements and functionality or it may go straight into design. This will depend on the nature of the project.

Project Objective

The objective of the project is to design and develop a Hybrid Mobile Application with Audio, Guided Meditation audio, and Life Coaching video files. We would use API to fetch the data from backend and to show over the Application.

There will be a Home Page, Search Page, and Category and File Section for Audio, Guided Meditation (Audio mixing feature), and Life Coaching videos.

There will be a web-based admin panel (back end) as well; So that super admin can use it to update Audio, Guided Meditation, and Life Coaching video files. Admin can add/edit/delete the files. Admin can manage users and Wallet transactions.

Technology Stack

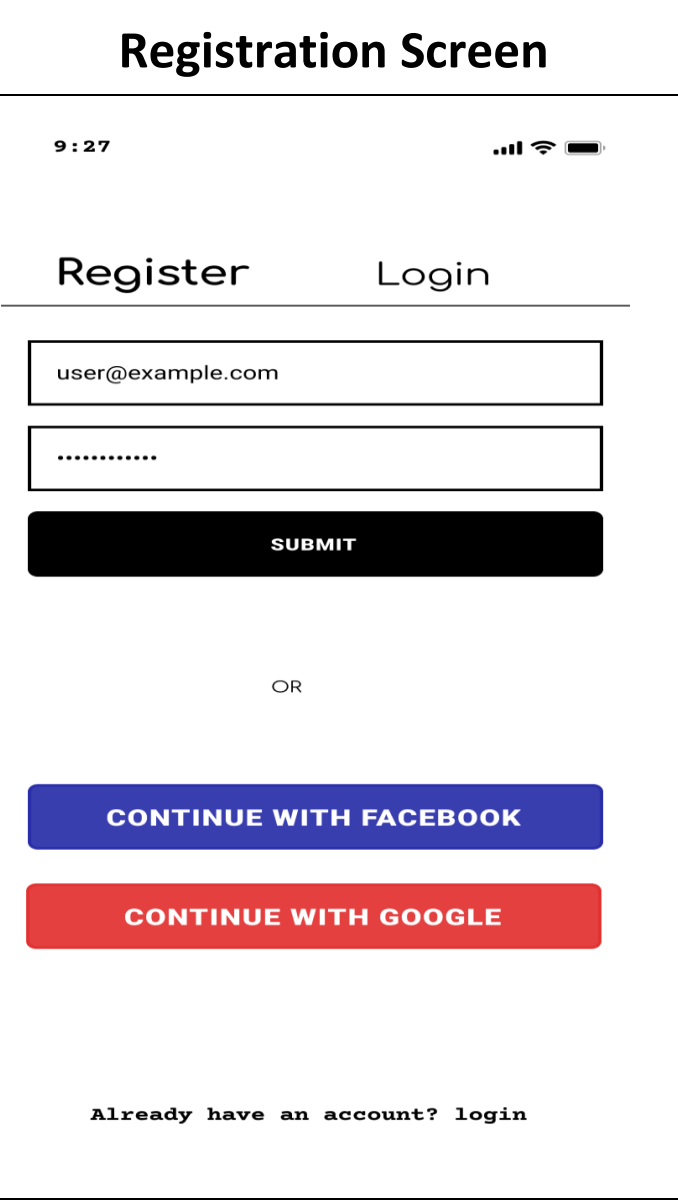

1. Front-end: Flutter (iOS and Android)
2. Back-end: Laravel framework PHP
3. Database: MySQL

Deliverables

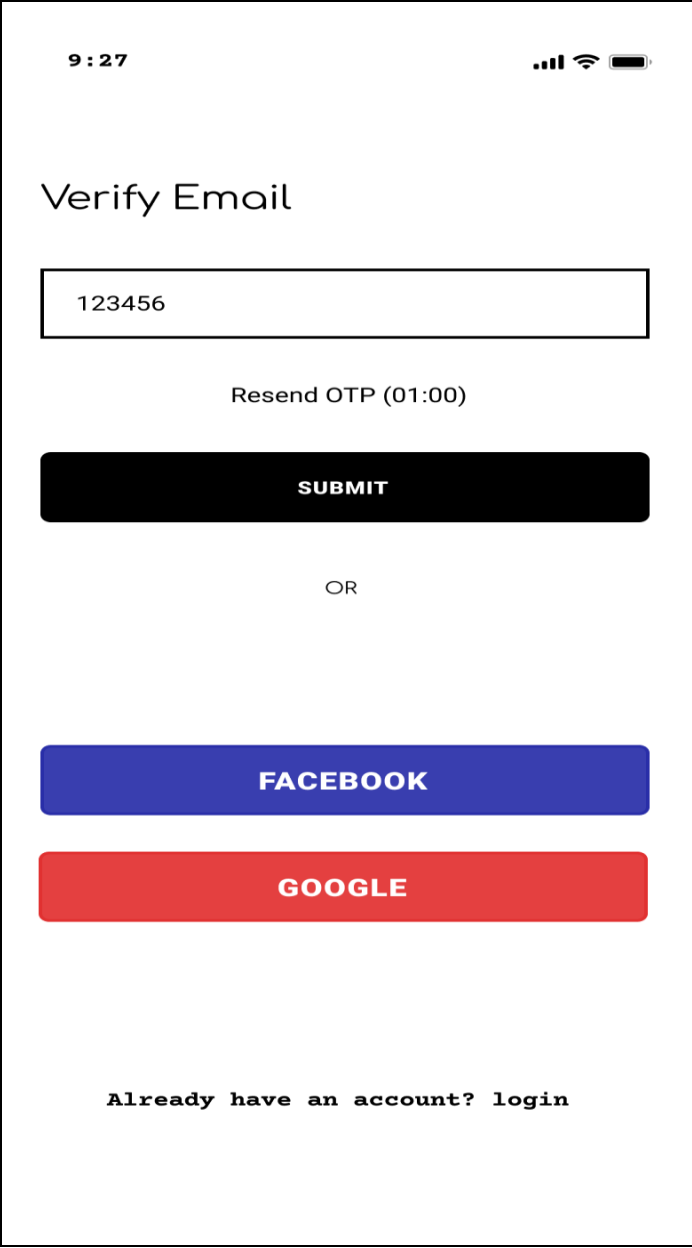

1. Wireframes
2. Documentation
3. Design
4. Hybrid Mobile Application (iOS and Android)
5. Admin Panel

Screens Description

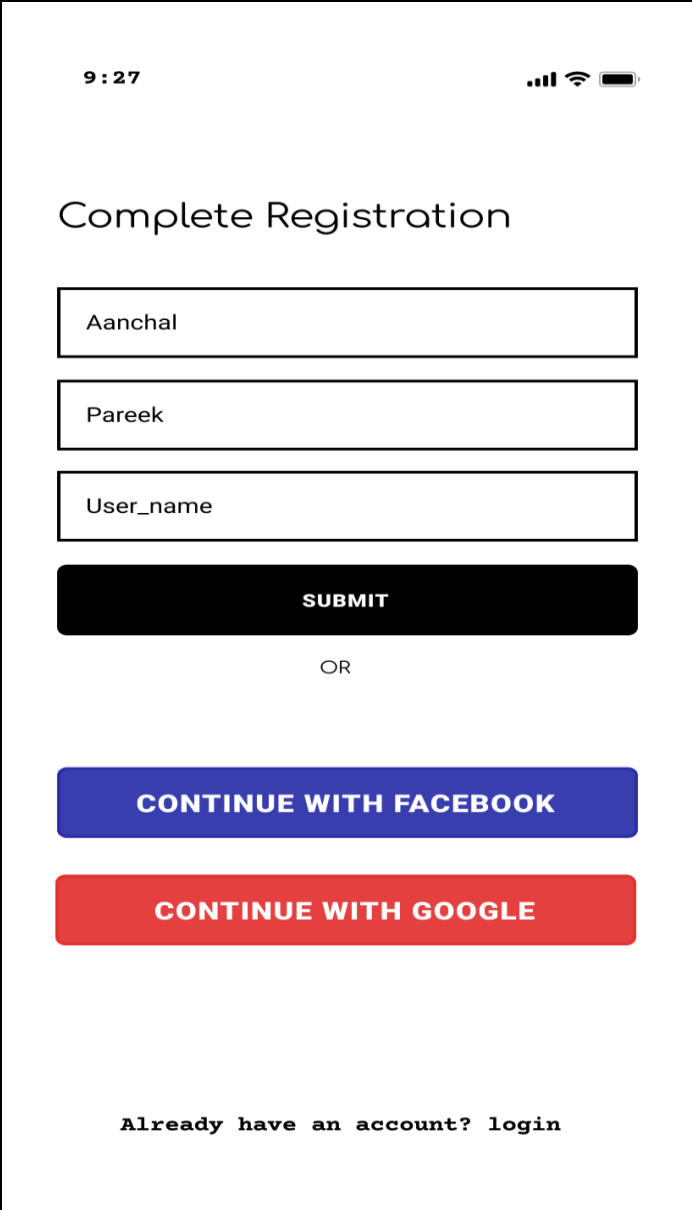

Registration Screen

Registration Screen	Type	Description
 A mobile app registration screen. At the top, there's a status bar with the time 9:27, signal strength, Wi-Fi, and battery icons. Below the status bar, there are two tabs: "Register" (active) and "Login". A horizontal line separates the tabs from the registration form. The form consists of an email input field with the placeholder "user@example.com", a password input field with masked characters ".....", and a black "SUBMIT" button. Below the form, there's an "OR" separator. Underneath, there are two social login buttons: a blue "CONTINUE WITH FACEBOOK" button and a red "CONTINUE WITH GOOGLE" button. At the bottom, there's a link that says "Already have an account? login".	Tab	User can click on “Register” or “Login” to switch between “Register” and “Login” page.
	Input text field	Email address
	Password field	Password
	Button	Redirects to “Verify Email” Screen
	Button	Single Sign On using Facebook
	Button	Single Sign On using Google
	Hyperlink	“Login” text redirects to “Login” page

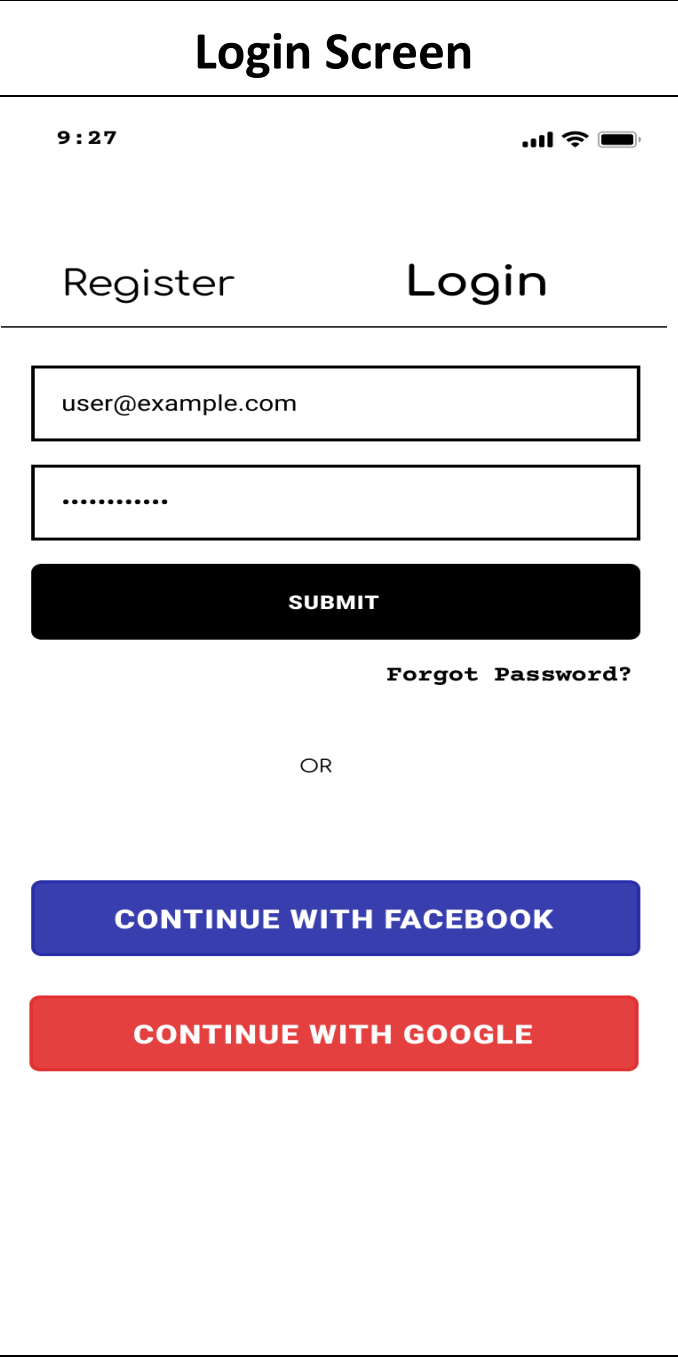

Verify Email Screen

Verify Email Screen	Type	Description
 A mobile app screen titled "Verify Email". At the top, the status bar shows the time 9:27, signal strength, Wi-Fi, and battery. Below the title, there is a text input field containing "123456". Underneath the input field is a link "Resend OTP (01:00)". Below that is a black button with the text "SUBMIT". Further down is the word "OR". Below "OR" are two buttons: a blue one with "FACEBOOK" and a red one with "GOOGLE". At the bottom, there is a link "Already have an account? login".		
	Input text field	Email address
	Timer	OTP expires when timer runs 00:00
	Button	Redirects to “Complete Registration” Screen
	Button	Single Sign On using Facebook
	Button	Single Sign On using Google
	Hyperlink	“Login” text redirects to “Login” page

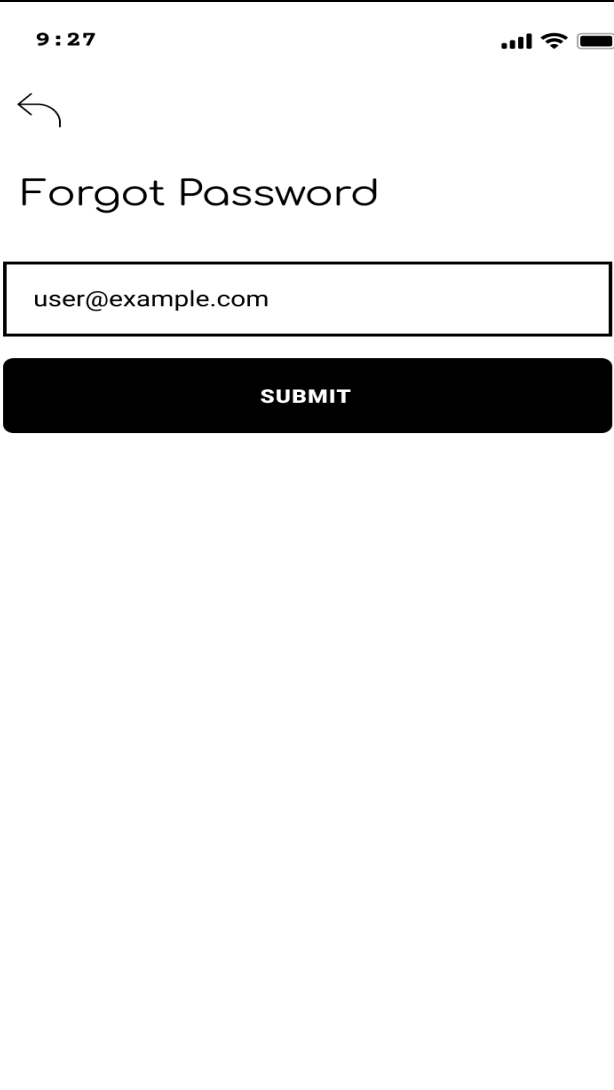

Complete Registration Screen

Complete Registration Screen	Type	Description
 <p>The mockup shows a mobile app screen for 'Complete Registration'. At the top, the status bar shows '9:27' and signal/battery icons. The title 'Complete Registration' is centered. Below it are three text input fields: 'Aanchal' (First Name), 'Pareek' (Last Name), and 'User_name' (Unique Username). A black 'SUBMIT' button is below the inputs. An 'OR' separator is centered. Below are two social login buttons: 'CONTINUE WITH FACEBOOK' (blue) and 'CONTINUE WITH GOOGLE' (red). At the bottom, a link says 'Already have an account? login'.</p>		
	Input text field	First Name
	Input text field	Last Name
	Input text field	Unique Username
	Button	User is registered and is redirected to “Welcome” Screen
	Button	Single Sign On using Facebook
	Button	Single Sign On using Google
	Hyperlink	“Login” text redirects to “Login” page

Login Screen

Login Screen	Type	Description
 <p>The mockup shows a mobile login screen. At the top, there's a status bar with the time 9:27, signal strength, Wi-Fi, and battery icons. Below this are two tabs: 'Register' and 'Login'. A horizontal line separates the tabs from the main content. The main content includes an email input field with 'user@example.com', a password input field with masked characters, a black 'SUBMIT' button, a 'Forgot Password?' link, an 'OR' separator, a blue 'CONTINUE WITH FACEBOOK' button, and a red 'CONTINUE WITH GOOGLE' button.</p>	Tab	User can click on “Register” or “Login” to switch between “Register” and “Login” page.
	Input text field	Email address
	Password field	Password
	Button	Redirects to “Complete Registration” Screen
	Hyperlink	“Forgot Password?” will redirect to “Forgot Password” Screen
	Button	Single Sign In using Facebook
	Button	Single Sign In using Google

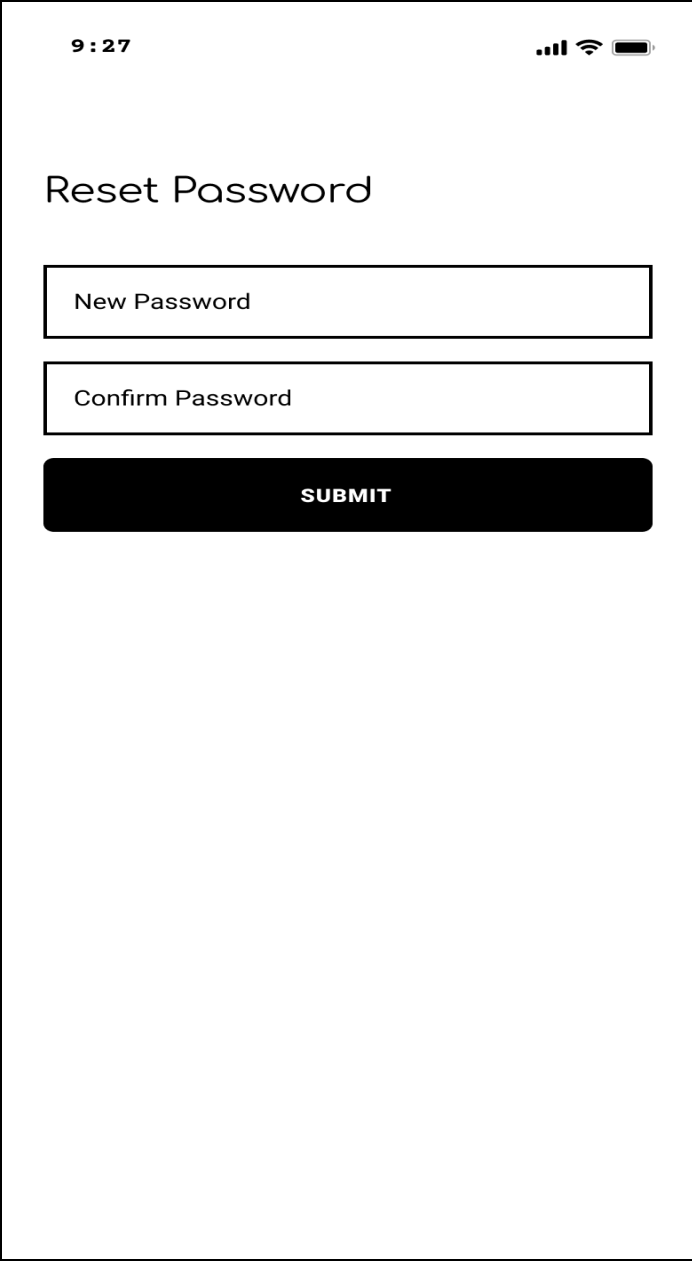

Forgot Password Screen

Forgot Password Screen	Type	Description
	Back button	Redirects to “Login” Screen
	Input text field	Email address
	Button	Sends an OTP on mail to change password and redirects to “Enter OTP: Forgot Password” Screen
	Text message	Please check your mail address for OTP

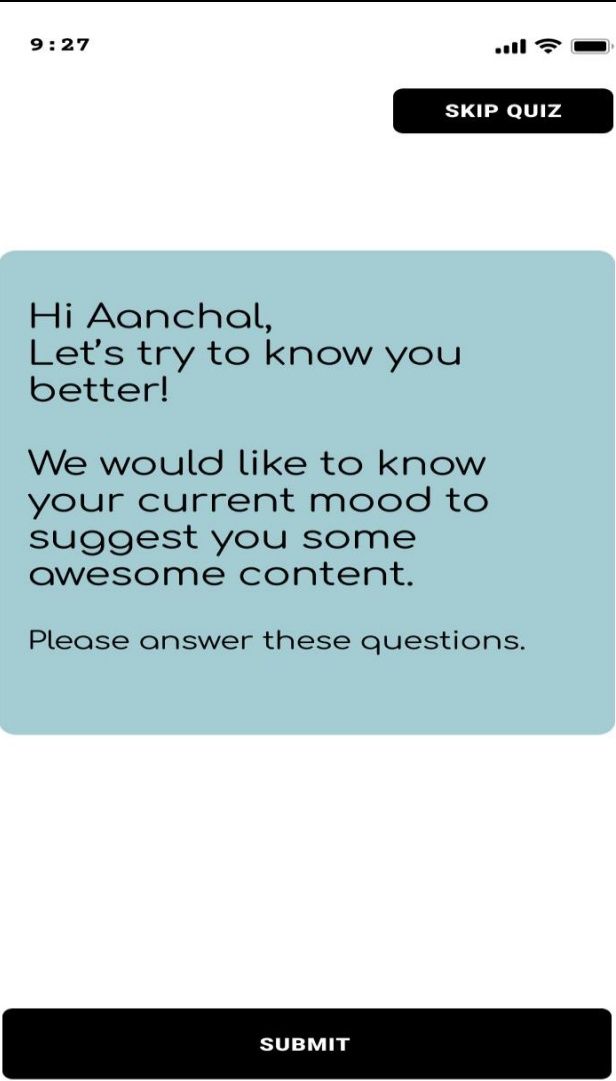

Enter OTP: Forgot Password Screen

Enter OTP: Forgot Password Screen	Type	Description
<div><div>9:27<div><div></div><div></div><div></div></div><div></div></div><div>Enter OTP</div><div><div>123456</div></div><div>Resend OTP (01:00)</div><div>SUBMIT</div></div>		
	Input text field	OTP
	Timer	OTP expires when timer runs 00:00
	Button	Verifies OTP and if OTP is correct then redirects to “Reset Password” Screen

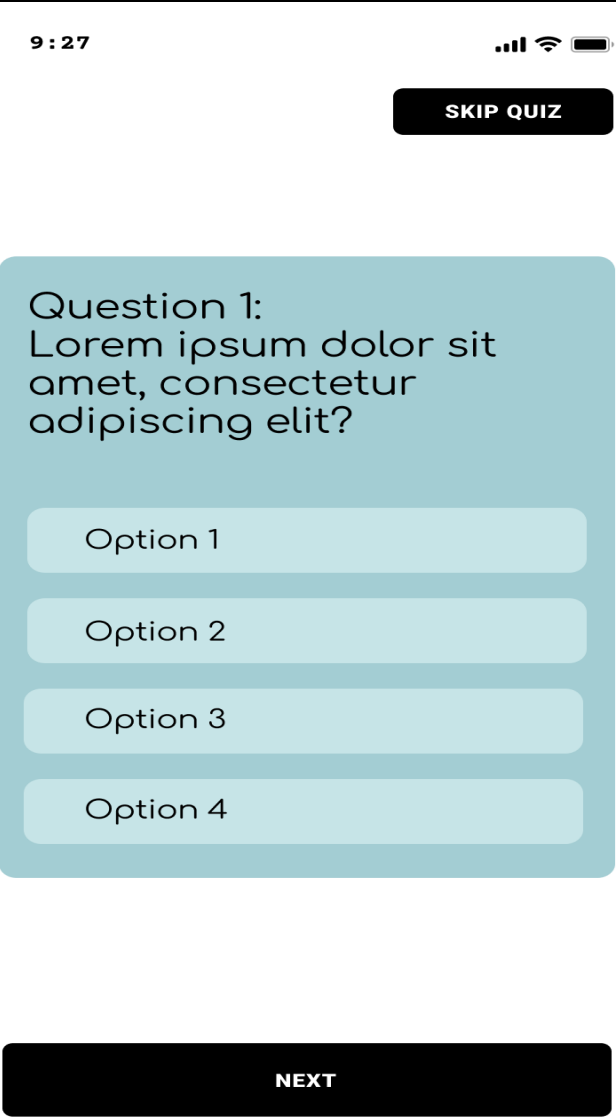

Complete Registration Screen

Complete Registration Screen	Type	Description
 The image shows a mobile application screen for password reset. At the top, there is a status bar with the time '9:27', signal strength, Wi-Fi, and battery icons. Below the status bar, the text 'Reset Password' is centered. Underneath, there are two text input fields: the first is labeled 'New Password' and the second is labeled 'Confirm Password'. At the bottom of these fields is a black button with the white text 'SUBMIT'.		
	Input text field	New Password
	Input text field	Confirm Password
	Button	If “New Password” matches “Confirm Password” then user is redirected to “Welcome” Screen and password is updated

Welcome Screen

Welcome Screen	Type	Description
	Button	User can click on “Skip Quiz” to skip the quiz and the user will be redirected to “Home Screen”.
	Text card	A welcome message will be displayed to user.
	Button	Single Sign In using Google

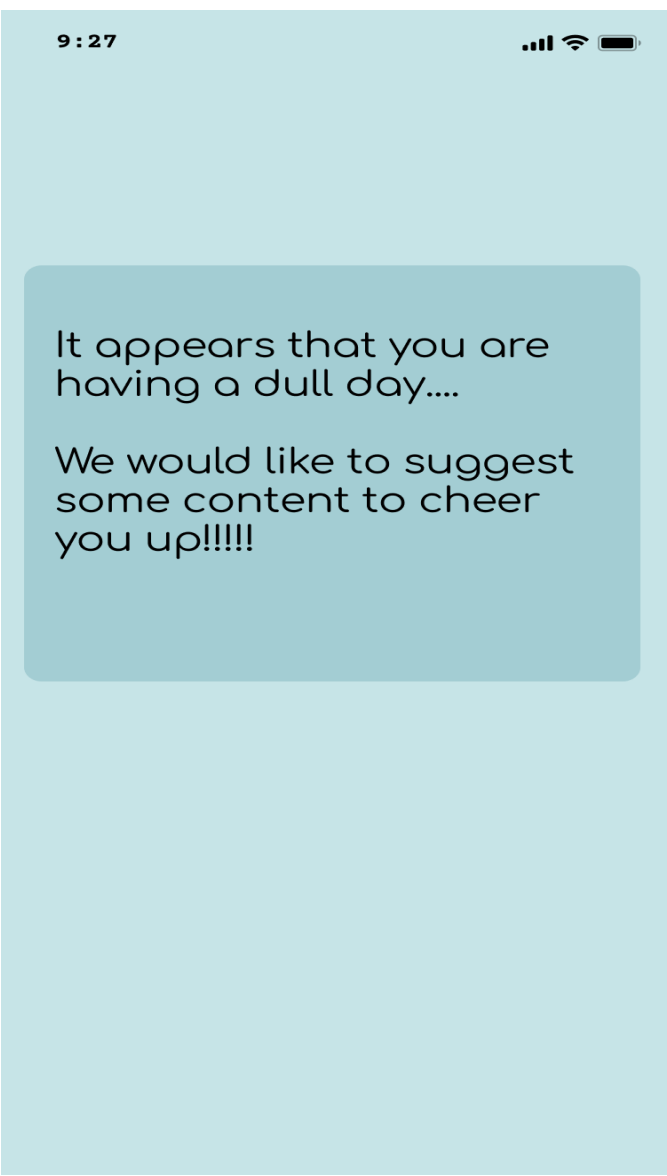

Quiz

Quiz	Type	Description
	Button	User can click on “Skip Quiz” to skip the quiz and the user will be redirected to “Home Screen”.
	Text	Questions for Quiz
	Button	Option 1 for Question
	Button	Option 2 for Question
	Button	Option 3 for Question
	Button	Option 4 for Question
		User can select any one option, and the selected option will be used to analyze result for Mood Checker.
	Button	Redirects to next question

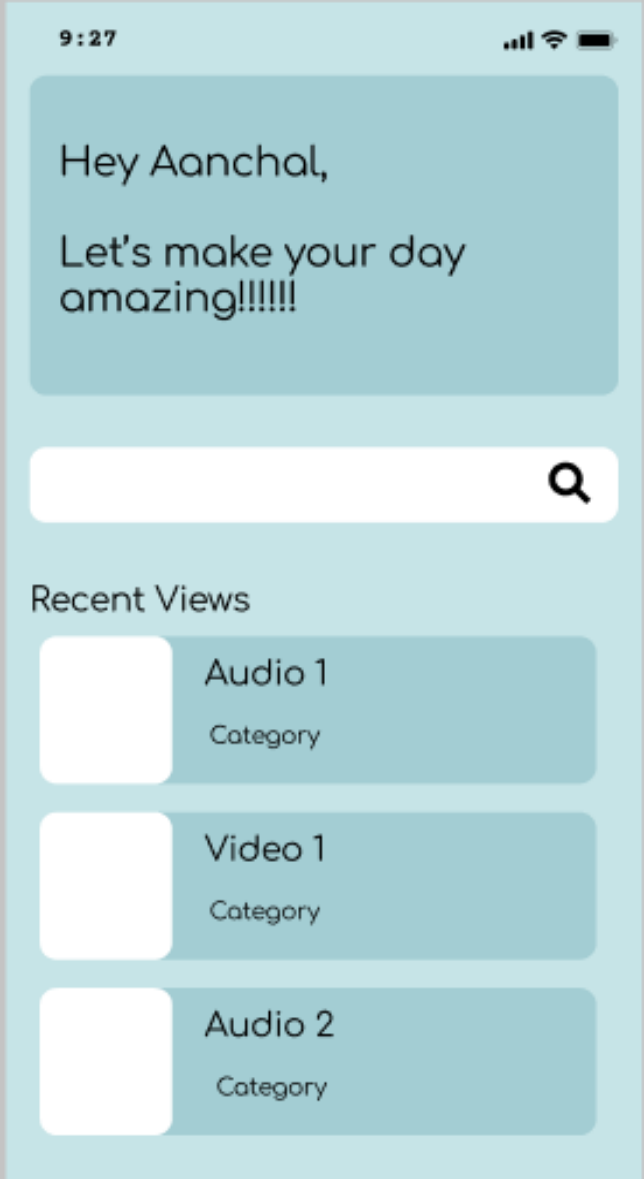

Breathe Screen

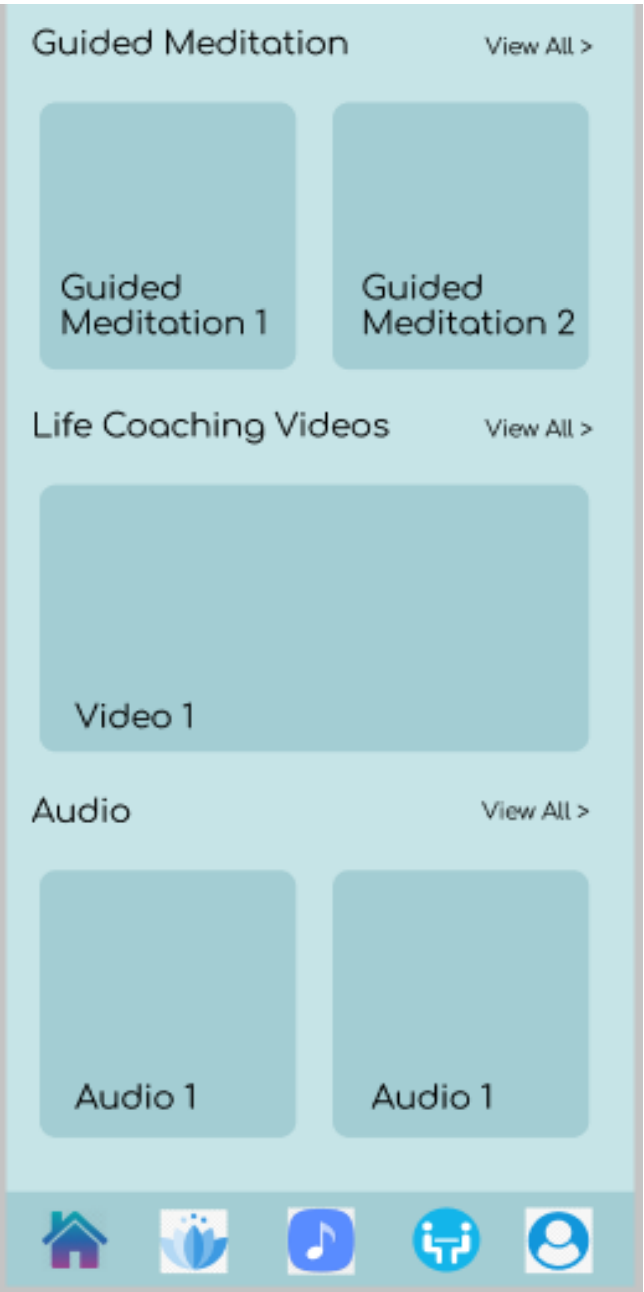

Breathe Screen	Type	Description
	Text	Text working as a loader while we analyze the test results

Mood Analysis Screen

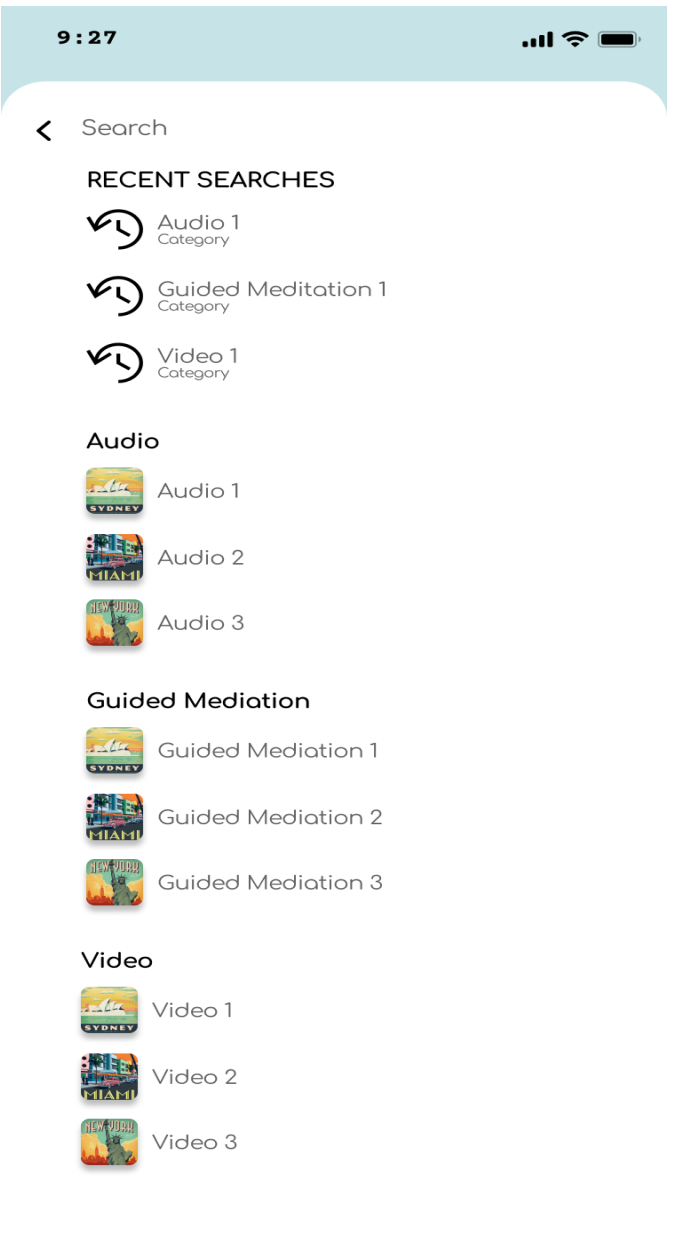

Mood Analysis Screen	Type	Description
		
	Text	Mood Analysis result

Home Screen

Home Screen	Type	Description
	Text	A welcome text to cheer-up the user
	Search Bar	Redirects to “Search” Screen
	Recently viewed file	File name with thumbnail and category. Redirects to track playing screen and starts playing the track.
	Recently viewed file	File name with thumbnail and category. Redirects to track playing screen and starts playing the track.
	Recently viewed file	File name with thumbnail and category. Redirects to track playing screen and starts playing the track.

	View All Button	Redirects to “Guided Meditation: Categories” Screen
	Files	Guided Meditation files with thumbnail and file name. These are the most popular files.
	View All Button	Redirects to “Life Coaching videos: Categories” Screen
	Files	Life Coaching files with thumbnail and file name. These are the most popular files.
	View All Button	Redirects to “Audio: Categories” Screen
	Files	Audio files with thumbnail and file name. These are the most popular files.
	Navigation Bar	The bar has Home, Guided Mediation, Audio, Life Coaching, Profile icons. These icons will redirect to “Home Screen”, “Guided Meditation: Categories”, “Audio: Categories”, “Life Coaching videos: Categories”, “Profile” Screen respectively.

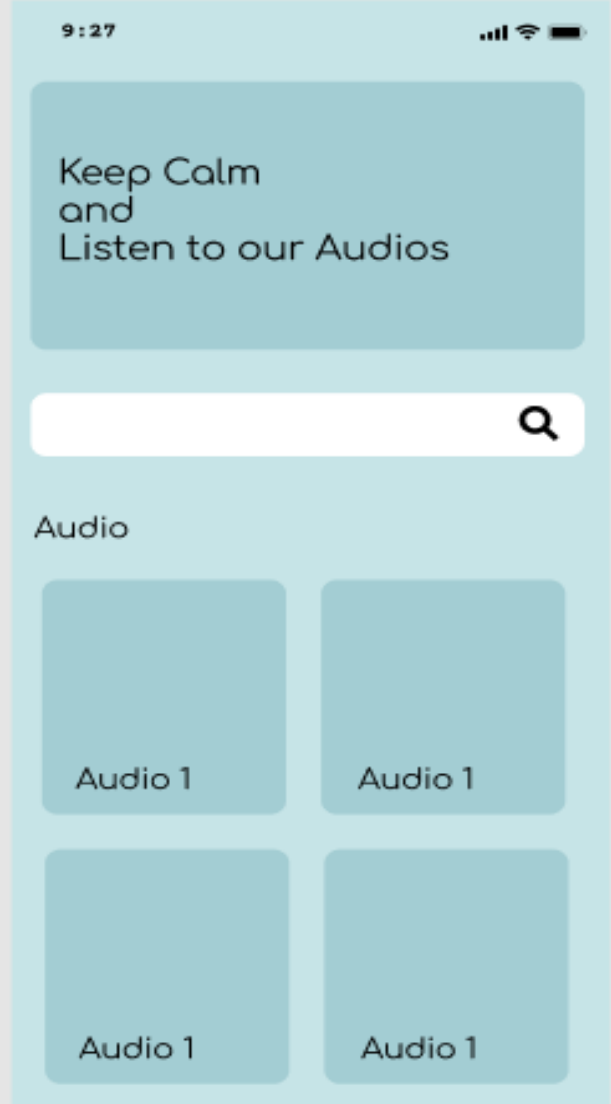

Search Screen

Search Screen	Type	Description
	Input text field	Search bar
	Recent Search	Shows last 3 viewed files of user
	Audio	Show relevant audio search result based on name (string) matching.
	Guided Meditation	Show relevant guided meditation search result based on name (string) matching.
	Video	Show relevant video search result based on name (string) matching.

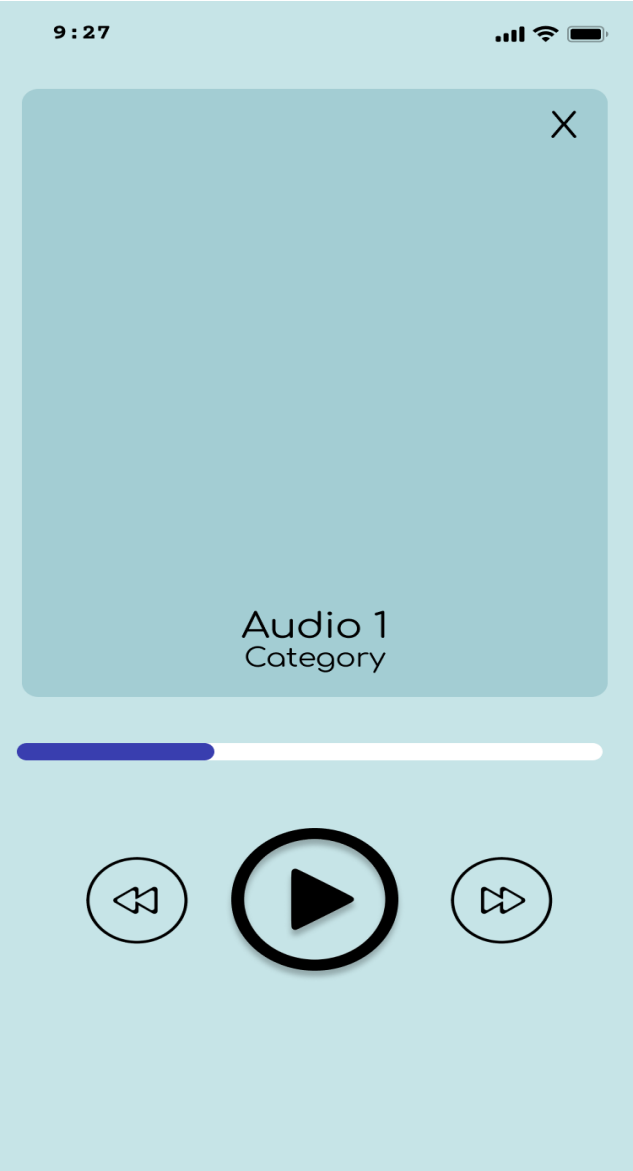

Audio: Categories

Audio: Categories	Type	Description
	Text Card	A warm text message to cheer-up the user.
	Input text field	Search bar to search content throughout the application
	Categories Card	Thumbnail image with Category name. When clicked on the card, it redirects to “Audio: Audio files” where all the files of respective categories are listed.
	Navigation Bar	Same as Home Screen navigation bar.

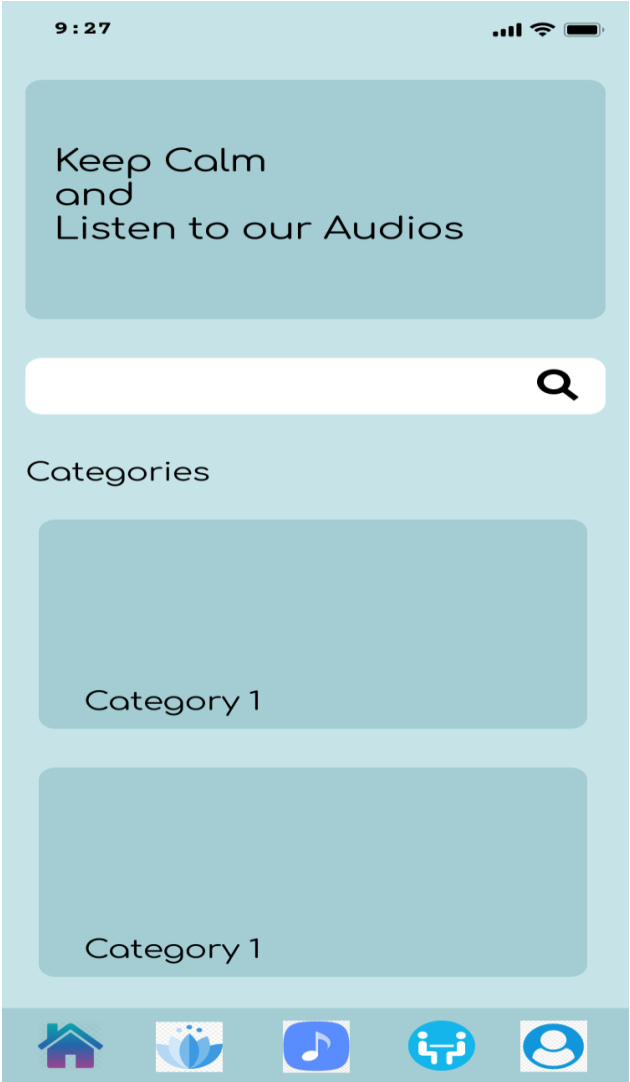

Audio: Audio files

Audio: Audio files	Type	Description
	Text Card	A warm text message to cheer-up the user.
	Input text field	Search bar to search content throughout the application
	Audio file cards	Thumbnail image with Audio file name. When clicked on the card, it redirects to “Audio track playing” and the track starts playing.

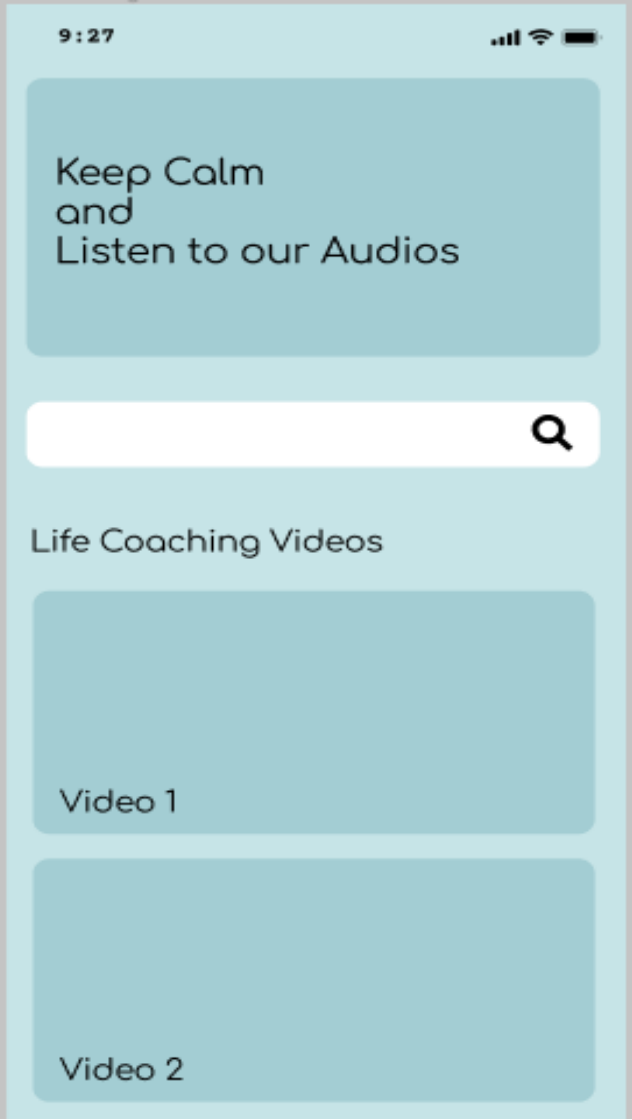

Audio track playing

Audio track playing	Type	Description
	Close button	Closes the screen and redirects to the last page. Audio continues to play in background.
	Audio card	Thumbnail image with Audio file and category name.
	Track progress bar	Shows the current progress of track.
	Play and +/- 15 secs button	To play and pause audio track, and to add/subtract 15 secs in the current progress of track.

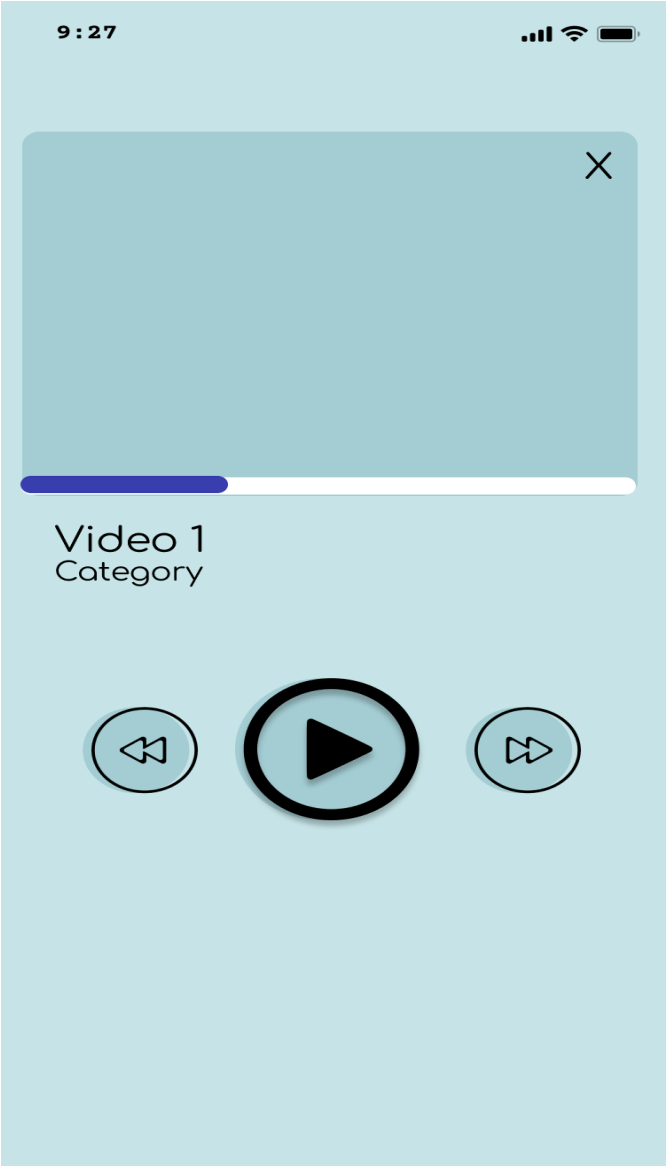

Life Coaching Video: categories

Life Coaching Video: categories	Type	Description
	Text Card	A warm text message to cheer-up the user.
	Input text field	Search bar to search content throughout the application
	Categories Card	Thumbnail image with Category name. When clicked on the card, it redirects to “Life Coaching video: files” where all the files of respective categories are listed.
	Navigation Bar	Same as Home Screen navigation bar.

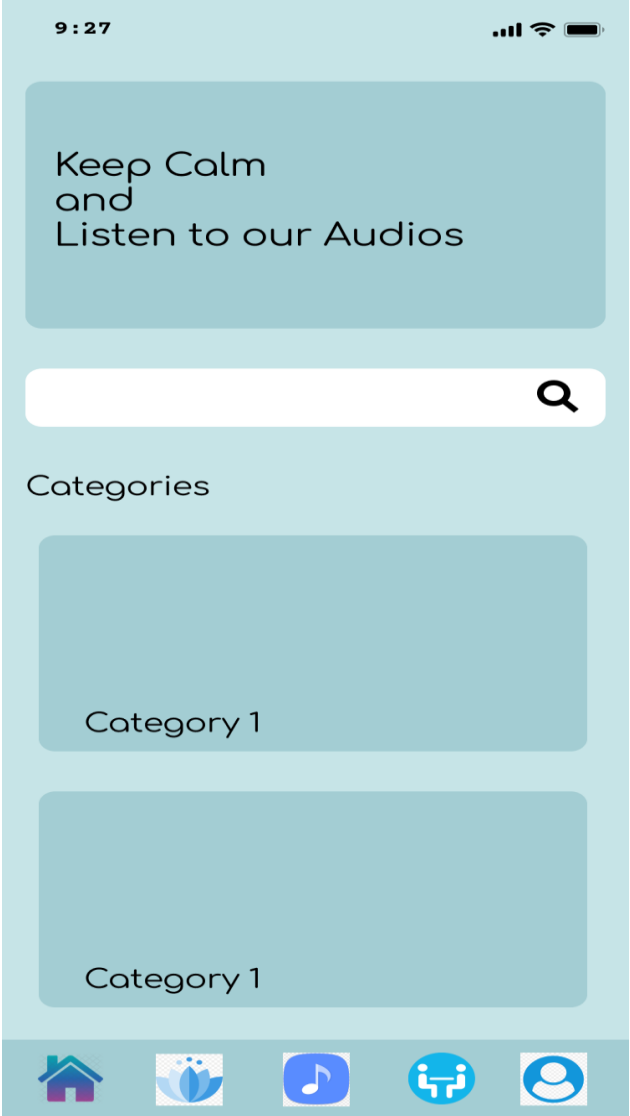

Life Coaching video: files

Life Coaching video: files	Type	Description
	Text Card	A warm text message to cheer-up the user.
	Input text field	Search bar to search content throughout the application
	Video file cards	Thumbnail image with Video file name. When clicked on the card, it redirects to “Life Coaching video playing” and the video starts playing.

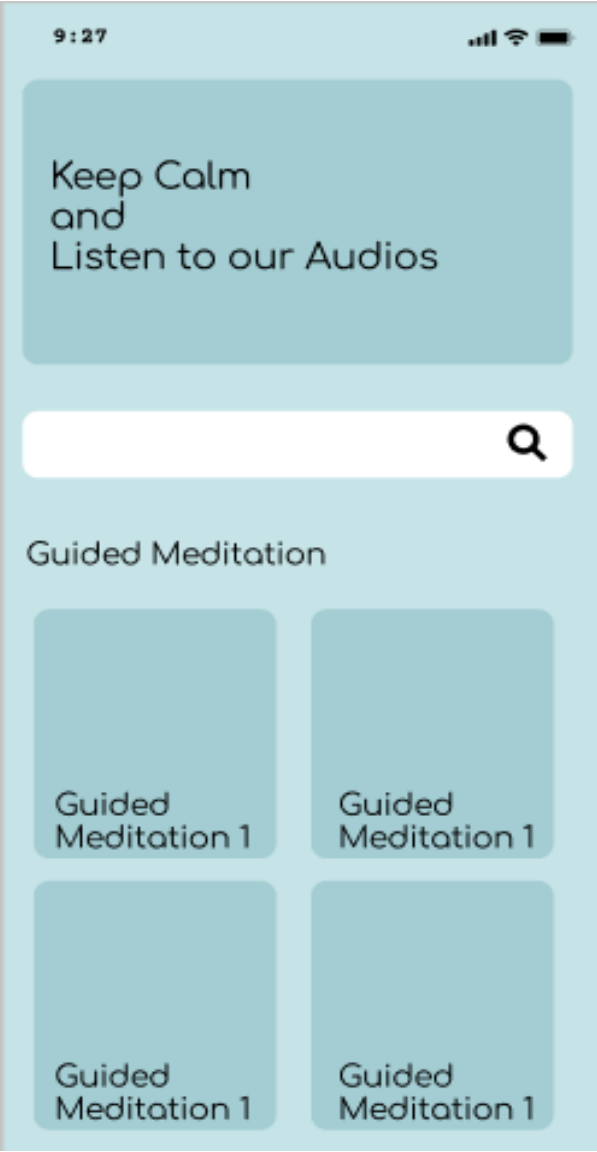

Life Coaching video playing

Life Coaching video playing	Type	Description
	Close button	Closes the screen and redirects to the last page. Video discontinues to play.
	Video section	Video plays here.
	Video progress bar	Shows the progress of video
	Text	Video file name and category
	Play and +/- 10 secs button	To play and pause video track, and to add/subtract 10 secs in the current progress of track.

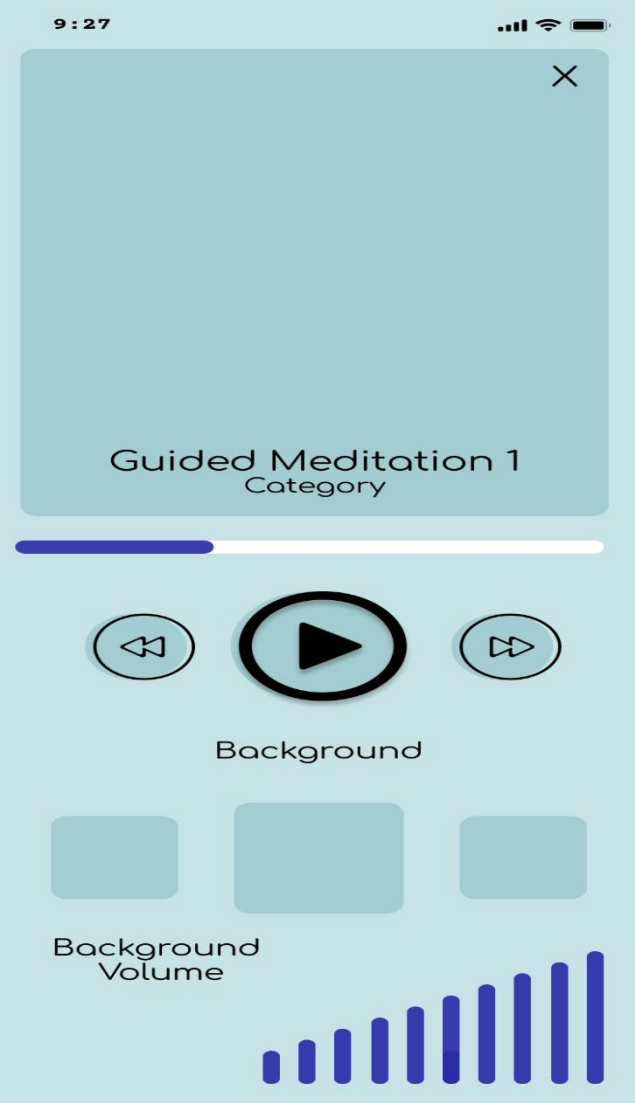

Guided Meditation: categories

Guided Meditation: categories	Type	Description
	Text Card	A warm text message to cheer-up the user.
	Input text field	Search bar to search content throughout the application
	Categories Card	Thumbnail image with Category name. When clicked on the card, it redirects to “Guided Meditation: files” where all the files of respective categories are listed.
	Navigation Bar	Same as Home Screen navigation bar.

Guided Meditation: files

Guided Meditation: files	Type	Description
	Text Card	A warm text message to cheer-up the user.
	Input text field	Search bar to search content throughout the application
	Guided Meditation file cards	Thumbnail image with Guided Meditation file name. When clicked on the card, it redirects to “Guided Meditation track playing” and the track starts playing.

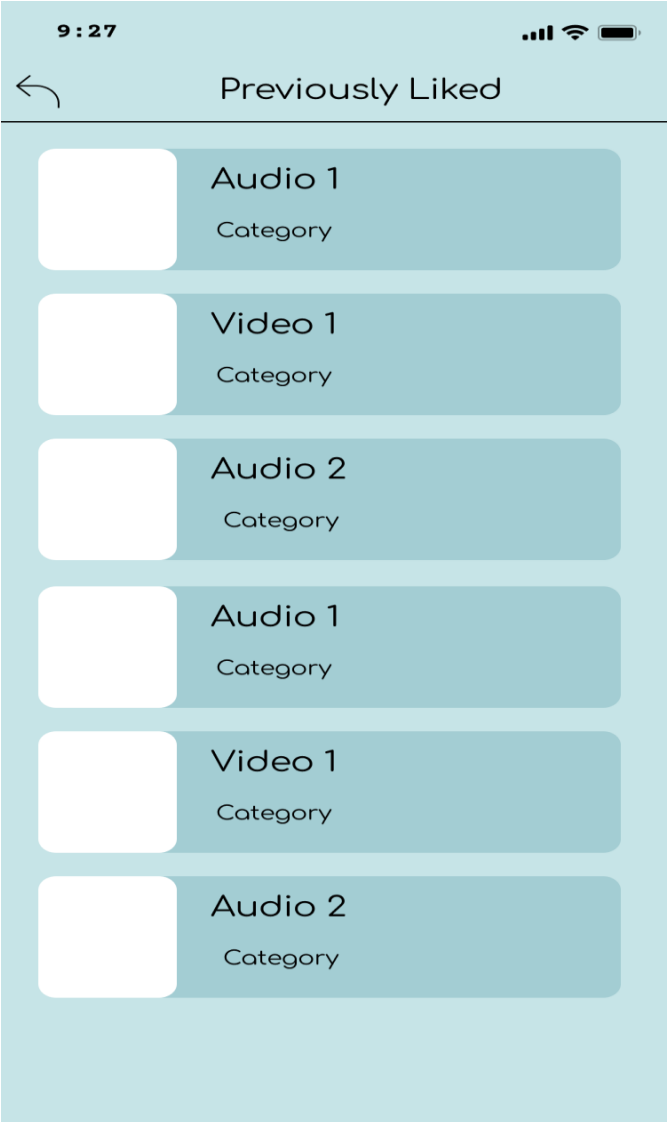

Guided Meditation track playing

Guided Meditation track playing	Type	Description
	Close button	Closes the screen and redirects to the last page. Audio continues to play in background.
	Guided Meditation card	Thumbnail image with Audio file and category name.
	Track progress bar	Shows the current progress of track.
	Play and +/- 15 secs button	To play and pause audio track, and to add/subtract 15 secs in the current progress of track.
	Background button	User can scroll horizontally and click on any sound to make that sound as background track
	Volume	User can change volume of background sound

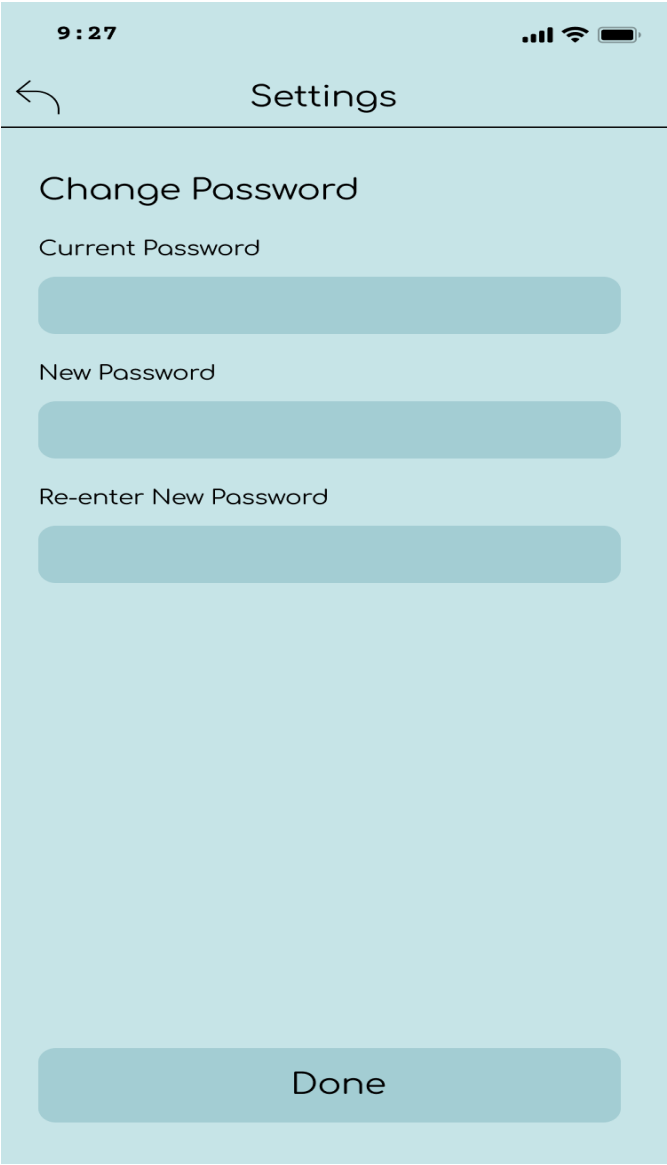

Profile

Profile	Type	Description
	Image	User can click on image, to change Profile Image.
	Text	User can click on text to change name.
	Text	User can click on user name and email address to change name and email address respectively.
	Text	User can click on text to add/change About.
	Button	This page redirects to “Previously Liked” Screen
	Button	This page redirects to “Settings” Screen
	Button	This page redirects to “About Us” Screen
	Button	This page redirects to “Privacy Policy” Screen
	Button	This page redirects to “Terms & Conditions” Screen
	Button	User can click on this button to Logout from the application
	Navigation Bar	Same as Home Screen navigation bar.

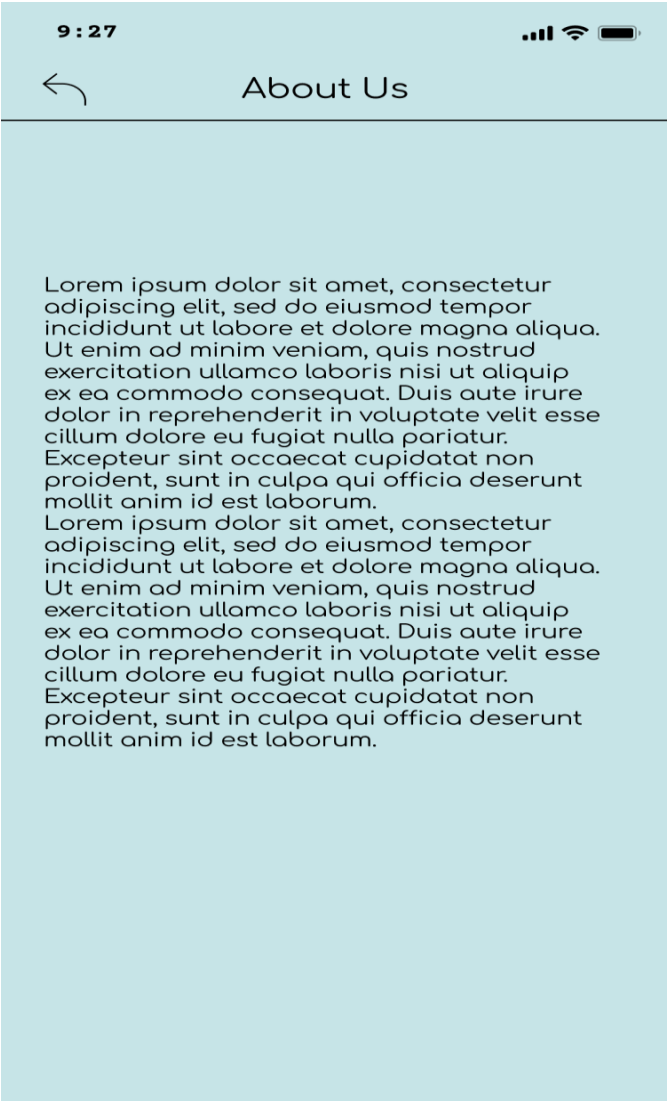

Previously Liked

Previously Liked	Type	Description
	Back button	Redirects to “Profile” Screen
	Previously Liked files	File name with thumbnail and category. Redirects to track playing screen and starts playing the track.

Settings

Settings	Type	Description
	Back button	Redirects to “Profile” Screen
	Input Text field	User need to type old password
	Input Text field	User need to type new password
	Input Text field	User need to re-type new password
	Button	If old password matches to current password, and new password matches to Re-enter new password, then password is updated and user is redirected to “Profile” Screen.

About Us

About Us	Type	Description
	Back button	Redirects to “Profile” Screen
	Text	Textual information about the Application

Privacy Policy

Privacy Policy	Type	Description

	Text	Textual information about Terms & Conditions of the Application

Note

In design phase, we will add a comment icon in each track playing section, user can click on the comment icon to add a comment. This comment will then appear on Admin Panel. Admin can then mail the reply to that user (off-platform).

Support

This is the support phase where we take care of the bugs which may be raised after final release and reported by users. After completion of the application 90 days free bug removal support (only on existing functionality) will be provided.

Thank Note

We thank you for providing a chance to show our quality work. Looking forward to work and would like to maintain a long working relationship with you.

Kindly share your opinion. If there is anything which required more clarification, just let us know. We will assist you accordingly.

We are looking forward to hear back from you soon.
